Jane Soxman, DDS, MS began her career in healthcare as an intensive and coronary care nurse. She attended Virginia Commonwealth University School of Dentistry, where she taught after her graduation. Specialty training was completed at Children’s Hospital of Pittsburgh. She is a diplomate of the American Board of Pediatric Dentistry, a Fellow in the American College of Dentists and column contributor and manuscript reviewer for General Dentistry.

She teaches as a seminar instructor for the General Practice Residencies at Allegheny General Hospital and the Veterans’ Affairs Medical Center. Dr. Soxman has authored numerous articles and is the editor of the *Handbook of Clinical Techniques in Pediatric Dentistry*. Her conversational style incorporates a review of dental literature and more than 30 years of practice experience, earning her national recognition as a leader in continuing education. She maintains a private practice in pediatric dentistry in Allison Park, Pennsylvania.

About the Speakers

Gordon J. Christensen, DDS, MSD, PhD is Founder and CEO of Practical Clinical Courses (PCC) and Co-Founder and CEO for Clinicians Report Foundation (CR) and a practicing prosthodontist in Provo, Utah. PCC is an international continuing education organization that provides courses and videos for all dental professionals. CR offers unbiased research on thousands of dental products. Dr. Christensen has presented over 45,000 hours of continuing education throughout the world and has published many articles and books. Early in his career, Gordon helped initiate the University of Kentucky and University of Colorado Dental Schools and taught at the University of Washington. Gordon is a Diplomate of the American Board of Prosthodontics, and is a member of several dental organizations.
Dear Dental Colleagues,

The Indiana Dental Association is proud to present the 2020 IDA Center for Excellence in Continuing Education program. The IDA Center for Excellence features the highest quality of live continuing education by offering two one-day interactive seminars each year to you, your dental colleagues and your dental team.

Our 2020 programming includes Dr. Gordon Christensen’s session on *The Christensen Bottom Line, Friday, April 24, 2020 via live virtual online learning*, and Dr. Jane Soxman’s session on *Becoming a Pediatric Alpha Pup & Clinical Techniques in Pediatrics on Friday, November 6, 2020 at the Embassy Suites Event Center in Plainfield, IN.*

Each session will develop you and your team professionally with five LIVE CEUs for the same great low prices.

Sincerely from Your IDA Center for Excellence Programming Committee,

[Signature]

Dr. Karen Ellis, Chair (IDDS)

Dr. John Reno (IDDS)

Dr. Jeffrey Stolarz (NIDS)

**Friday, April 24, 2020**

**The Christensen Bottom Line**

(5 Live CEUs)

Description: Dr. Gordon Christensen’s *The Bottom Line* is a fast-moving course that covers the areas of dentistry with the most activity and change. Dr. Christensen lectures in an enjoyable and humorous manner and encourages audience participation and questions. The following topics are included in this program:

- State of the Profession
- CAD/CAM
- Esthetic, Implant, Operative, Pediatric and Preventative Dentistry
- Prosthodontics Fixed
- Technology
- Diagnosis and Treatment Planning

Lecture Objectives:

- Identify the most important and useful new techniques in each of the general topic(s) discussed.
- Summarize the most important and useful new concepts discussed.
- Implement most applicable aspects of the course into your practice.

The Center for Excellence in Continuing Education meets at: Embassy Suites Conference Center 2353 Perry Rd, Plainfield, IN 46168

Training schedule:

Registration: 8 – 9 a.m.
Program: 9 – 11:45 a.m.
Lunch served: 11:45 a.m. – 1 p.m.
Program: 1 – 3 p.m.

**Friday, November 6, 2020**

**Becoming the Pediatric Alpha Pup**

(2.5 Live CEUs)

Description: Treating a challenging child requires a new approach for behavior guidance. Aversive techniques are not acceptable. Permissive parenting along with parents who defend, deny or attempt to direct treatment, bring a new dimension to treatment capabilities. Methods to engage and involve parents and ultimately bring them to “our side” are presented.

Lecture Objectives:

- Learn the circumstances that effect behavior.
- Provide info to parents about limitations due to behavior, and treatment objectives.
- Pros/cons of parental presence during treatment.

**Clinical Techniques in Pediatrics**

(2.5 Live CEUs)

Description: Various non-invasive treatment modalities for the primary dentition, vital pulp therapy and full coverage stainless steel and esthetic crowns for primary molars are presented, plus local anesthesia and extraction for primary dentition. A review of dental literature, with evidence-based recommendations, and over 36 years of private practice experience, will help decrease chair time when treating pediatric patients.

Lecture Objectives:

- Perform vital pulp therapy in primary molars.
- Insure optimal clinical skills for administering local anesthesia to the pediatric patient.
- Improve extraction technique for primary teeth.
