

**Minutes Oct 21 Governmental Affairs Committee  
7:30 PM Zoom Conference Call**

Present: Dr. Steven Holm, Dr DeLayne LaFevre, Dr. Terry Schechner, Dr. John Roberts, Dr. Jennifer Neese Mr. G. Edward Popcheff, Ms. Alexandra Sumner. Absent Dr. Gregg Phillips, Dr. Steven Towns,

Dr. Holm called the meeting to order.

**CRNA Supervision**

The committee discussed the INANA proposal to allow CRNA supervision by dentists and podiatrists. IDA was approached by INANA to support a legislative change that would allow dentists and podiatrists to supervise a CRNA, INANA has been pursuing this change since 2013. Consistently the IDA has chosen not to be included in this legislation. Dentists were included to get the attention of Dr Zent, The IDA has had no member requests for this type of supervision.

- Allowing anyone other than an MD to supervise a CRNA would be a major shift of scope of practice for a CRNA.
- Dentists are not trained to supervise CRNA'S.
- Dental Anesthesiology is a recently ADA recognized specialty.

No one spoke in favor of IDA support of the proposal.

The committee voted unanimously to not to support CRNA supervision by dentists.

**HPV Vaccines**

The committee to discuss dentist administration of HPV immunizations and other immunizations.

The committee had concerns that the time frame for study and development of a proposal for 2020 was not feasible and that further study was needed.

The committee voted to pursue further study of HPV Vaccines

**Third Party Payor Transparency/Network Rental**

The committee discussed the Committee on Dental Benefits activity on this issue and questioned if it was ready for introduction during the 2020 legislative session. The committee also discussed possible timeframes for study and development of the proposal.

The committee voted on directing the committee on Dental Benefits to introduce a Third Party Payor Transparency Resolution: Motion to Refer to Committee by a unanimous vote.

Dr Holm adjourned the call.
